Your Daymak e-bike is the result of Daymak's years of experience, the highly trained technical skills of our staff, and careful, ongoing design work by our engineers. With the Beast, the choice becomes a moot point. This electric bicycle (more on that later) lives up to its name both on the road and off it. About Daymak Daymak is one of Canada's largest Alternative Vehicle providers. We design, engineer, manufacture, import and repair everything from recreational dirt bikes, go-karts and electric golf cars to alternative transportation solutions such as e-bikes and gas scooters.

Finding it incredibly difficult to order electric scooters from the United States due to customs.

That said, when it comes to doing all that on an e-bike, you still have to choose between a product for riding on smooth, paved surfaces and one that's best fitted for off-roading.. With its range and power, traveling on torque alone is definitely the way to go.. The company is based in Toronto, Canada In 2001, Aldo Baiocchi had a simple goal of trying to purchase a kid's electric scooter for his daughter, Daniela for her birthday..
